SOLID SHOT AGAINST

Blood Poison!

ATLANTA, GA., April 17, 1883. In 1877 I was the victim of a terrible Blood Poison. and after being treated by three physicians, was confined to my bed, not able to raise my hand to my head, spitting up clots of blood, and reduced in weight from 185 to 130 pounds. I then began the use of Swift's Specific, and in less than three months I was entirely well, weighed 196, and have never had a symptom of the disease since. If it had not been for Swift's Specific I believe I would have been in my grave. JOHN V. BISHOP.

We have for twelve months been prescribing Swift's Specific in the treatment of the diseases for which it is recommended, and have not been disap-pointed in a single instance. We think, for all diseases it is recommended to cure, it stands without a pear, and that the medical profession will sooner or later be forced to acknowledge it, in the treatment of Blood Discases, a sine qua non.
